Subject: Conference Call re Fish Sampling Effort
Date: 08/22/2011 11:27 AM

Chip, Kristine and Karl:

The City of Portland and the Port of Portland would like to set up a conference call with EPA and ACOE to discuss your planned fish sampling effort for this year. Based on the results of this conversation the City and/or Port may decide to help fund or otherwise assist with this effort. Please let me know if you are available for a 30 to 60 minute conference call this afternoon (Monday), or tomorrow afternoon.

I have cc'd Jen on this email because EPA may request from LWG electronic copies of previous LWG fish sampling SAPs or QAPPs, or to have TetraTech subcontract with Integral to do the actual field work. However, since the requested conference call is not an LWG-related conference call, we will need EPA, ACOE, the City or the Port to take on the coordination of this call, including providing the call-in number and access code.

Thanks,

Jim McKenna
